

**NOTE** Please read the entire installation manual before you start installation and assembly.

## WARNING

- Do not begin to install your QualGear product until you have read and understood all the instructions and warnings contained in this installation manual. If you have any questions regarding the instructions, for US customers please contact QualGear customer support via email at [support@qualgear.com](mailto:support@qualgear.com). For all international customers, please contact your local distributor.
- Tighten screws firmly, but do not over tighten. Over tightening can damage the items, greatly reducing their holding power.
- ALL QUALGEAR products are intended for indoor use only and any outdoor use voids the limited warranty.
- ALL QUALGEAR products are designed and tested for residential use only and any commercial use voids the limited warranty. For warranty information, please visit <http://www.qualgear.com/warranty.php>.
- Never exceed the maximum rated weight specified in this manual.
- All bolts and screws must be used at the designated points in the installation instructions to prevent property damage and/or personal injury.
- DO NOT install near air conditioner vents or where there is excessive dust or smoke.
- This product should only be installed by someone of good mechanical aptitude, has experience with basic building construction, and fully understands these instructions.
- This product was designed to be installed and utilized only as specified in this manual. Improper installation of this product may cause damage or serious injury. QualGear is not liable for the improper use or installation of its products.
- Make sure that the supporting surface will safely support the combined load of the equipment and all attached hardware and components.
- Always use an assistant or mechanical lifting equipment to safely lift and position the equipment.

## Parts Checklist

**IMPORTANT:** Before starting installation, please check that all parts shown in this checklist are included. If any parts are missing or damaged, contact your local distributor or [support@qualgear.com](mailto:support@qualgear.com) for replacement parts and do not start assembly and installation until you receive all the parts.

## 1a For Smaller Soundbar Installation

### Attaching the Soundbar Brackets to the Soundbar

Choose the appropriate screws and washers (if necessary) according to the type of your soundbar. Screw the soundbar brackets onto the soundbar.

If your soundbar has **teardrop** holes on the back, attach the appropriate screws and nuts to the soundbar brackets. Hang the soundbar on the screws, making sure the screw heads fit properly in the soundbar's **teardrop** holes.

#### NOTE

Soundbar brackets are designed to be sandwiched in between the back of the TV and the wall mount bracket.

### Adjusting the Soundbar Brackets on the Back of the TV

Align the soundbar brackets and the mounting hole on your TV.

## Attaching the Wall Mount Brackets to the TV and to the Soundbar Brackets

Choose the appropriate screws, washers, and spacers (if necessary) according to the type of your TV. Attach the wall mount brackets to the mounting holes on the back of the TV and to the soundbar brackets. See illustrations on page 4 & 5.

## 2 Hanging the TV and Soundbar Assembly onto the Wall Mount

**NOTE**

TV wall mount is sold separately. Follow TV wall mount user manual for a safe installation.

**IMPORTANT:**

Make sure the TV is safely secured before releasing.

According to your TV wall mount manual, follow the instructions and attach TV and Soundbar Assembly onto the wall plate of your TV wall mount.
